Arseny. My man. My best bro.

If you're reading this, I'm either on the island or the Feds finally raided my safe. Either way, listen up.

I just wanted to put it on the official record: **You are the [redacted].** No regrets about inviting you here. Best decision ever. Who else is gonna watch my six?

And bro... **War Thunder.** Remember? The [redacted] was real. You and me, clutching those late-night wins. My tank, your cover. Unstoppable. Best gaming buddy a guy could ask for.

Peace,
J.E.
